Scheuchl Sven and Sukhbat Munkh   12.10.2020

Our WEBT Project

As the topic for our project we would like to take the topic „Sports" from the topic list.

Content

Our Website will contain the following things:

We will:

- Present different types of sports.
- Outline the benefits of doing sports.
- Illustrate the negative aspects of being a couch potato.
- We will point out the importance of having a balance between physical and mental activities.
- And were gonna suggest some places where you can do certain types of sports can be done.

In the second semester we are going to program a little sports simulation game, which also will be putted on the website.
